Nonprofits & NGOs

Organizations delivering social impact that require accessible tools and guidance to strengthen security, continuity, and operational resilience.

Journalism & Advocacy Organizations

Teams working with sensitive information that need support for secure communications, threat mitigation, and risk management.

Foundations & Mission-Driven Institutions

Organizations seeking scalable resilience solutions to protect their people, operations, and long-term mission impact.

Key Differentiators

AI-Powered, Human-Informed

Revere combines intelligent automation with operational expertise to deliver timely, actionable guidance that helps organizations navigate security, continuity, and organizational risks with confidence.

Built Specifically for Civil Society

Unlike generic security solutions, Revere is designed around the unique challenges faced by nonprofits, advocacy groups, journalists, foundations, and other mission-driven organizations, making resilience more accessible and relevant to their needs.

A Beacon in Uncertain Times

Just as a lighthouse provides direction through challenging conditions, Revere helps mission-driven organizations navigate risk, strengthen resilience, and move forward with confidence.

Clarity

Providing clear, actionable guidance in complex and rapidly changing situations.

Protection

Helping organizations safeguard their people, operations, and mission-critical activities.

Preparedness

Enabling proactive planning and informed decision-making before challenges arise.

Resilience

Building long-term organizational strength to adapt, recover, and thrive through uncertainty.

Social Media Voice Examples

Educational

"Operational resilience isn't just about responding to crises—it's about being prepared before they happen."

Supportive

"Every mission deserves the tools and guidance needed to operate safely and confidently."

Insightful

"Small operational improvements today can prevent major disruptions tomorrow."

Visual
Identity

Logotype

Shield silhouette

Trinity Core Values:
protection, guidance, and direction.

Beacon of Light

Logomark

A beacon of protection and trust, the logomark brings clarity to uncertainty, guiding organizations through the evolving digital landscape with confidence.

Wordmark

Combines clean, modern typography with a customized feel, conveying confidence, clarity, and forward-thinking innovation through its precise and balanced letterforms.

Logo Variations

The logo variations ensure the brand remains clear and recognizable across different backgrounds and applications. Each version is designed to maintain consistency, flexibility, and strong visual impact.

Logo Usage

The logo should be used consistently to maintain a strong, recognizable identity and ensure a professional, unified brand presence across all materials.

Logo Clearspace

To ensure visibility and impact, the logo must always have sufficient clear space around it. Maintaining clear space preserves the logo’s integrity, legibility, and professional appearance across all applications.

Logo Do's

The Logo “Do’s” help maintain consistency and protect the integrity of the brand, always follow these approved logo usage practices.

Use the official logo files

Use the correct logo variation

Mantain clear space

Use approved brand colors

Primary

Founders Grotesk brings clarity, confidence, and contemporary character. Its geometric forms support readability while reflecting Revere’s technology-driven and human-centered approach.

Hierarchy

A hierarchy ensures readability and guides the audience through content in a structured way. Use distinct levels for headings, subheadings, body text, and captions. Consistent font sizes, weights, and styles help maintain visual order, emphasize key messages, and reinforce a professional, cohesive brand voice across all materials.

Grid System

Revere uses a consistent grid system to organize text, images, and visual elements within a layout. This ensures proper alignment, balance, and structure, creating a cohesive and professional brand presentation across different applications.

Design Elements

Our design elements are inspired by movement, precision, and modularity. Repeating geometric patterns, radiating forms, and structured linear compositions create rhythm and visual consistency across all brand touchpoints. These elements add depth and energy while complementing the core identity, allowing the system to remain flexible, scalable, and distinctly recognizable without overpowering the content.
